Membership Committee: Logan reported that membership is up this year. The section has experienced 6 percent growth as opposed to the goal of 1 percent. Matt Mudd has been helping with committee activities, including a welcome email to new members and follow-up with renewals. Robin reminded the board to contact specific individuals regarding membership. Logan reviewed a specific list of individuals and identified board members to make contact. Logan noted the relatively high ranking with respect to member retention rate.

Awards Committee: No committee chair has been identified. Nominees are typically recruited. Collette volunteered to lead the Award Committee. The specific awards are identified in the Operating Plan and were discussed.

Water for People Committee: Carrie Gardner has expressed interest in serving as the Chair of the committee. John agreed to discuss with John Camden.

Nominations Committee: No report was provided.

Fuller Award Committee: John noted that the committee solicited input from the membership last year for nominees, which complies with AWWA guidelines.

4. Operating Plan update: Slim provided a revised document in advance of the meeting and provided an overview. The Operating Plan is currently in a single document format with the By-Laws and portions of the Strategic Plan, but last year the board decided to separate the documents. Slim requested input on whether to manage a single document or separate documents. Based on input from the board, Slim will separate the documents and will include the action items from the Strategic Plan in the Operating Plan. The documents will be prepared for consideration at the winter board meeting.

5. Vote on revised Strategic Plan/Objectives/Tasks document: The task list was distributed for reference. Specific tasks were discussed to better understand notes identified to clarify the intent of two tasks. Logan made a motion to adopt the document with the notes removed. Jeff seconded the motion. Logan suggested that the board meetings include a standing agenda item to discuss progress on the Strategic Plan. The Strategic Plan will note the date of preparation and effective timeline. The motion carried.

6. CD Renewal/Other Investment Options: Logan will contact Nancy Sullivan for guidance documentation. The various policies already in place were discussed. Policy documents will be included in the Operating Plan. An organizational resolution and vote is required to reinvest the main MSAWWA CD reserve funds into an investment (Vanguard) account. Logan made a
motion to adopt a resolution to deposit funds into the Vanguard account with authorization to act on behalf of the American Water Works Association Montana Section in connection with any Vanguard mutual fund and/or Vanguard Brokerage accounts owned by the organization granted to Robin F. Barnes, Logan M. McInnes, and/or Roger Nathan Weisenburger. Wayne seconded the motion. The motion carried.

Specific investment options were discussed. Robin will not renew the CD and will move the balance to the money market account when it matures. Further direction will provided to Robin regarding the transfer to the Vanguard investments.

7. EPA Training Workshop—2015 results; 2016 agreement: Robin provided a summary of the workshop, which was coordinated with Barb Coffman with the Montana Environmental Training Center. MSAWWA received $3,700 to sponsor and coordinate the event, which was attended by 45 registrants in Helena. MSAWWA has been asked to sponsor two training events in 2016 given the positive outcome of the 2015 workshop. Robin will work with Barb again in 2016. The tentative sites will be in Billings and possibly Missoula. Membership in AWWA will be encouraged to those in attendance. Collette made a motion to sign the agreement to conduct the workshops with support from METC. Logan seconded the motion. The motion carried.

9. Summer Workshop Update: Wayne provided a summary of his attendance of the Summer Workshop. Training costs were discussed, with some focused discussion on WaterX.

10. AWWA Dues Structure: The possibility of charging a section assessment was discussed. Currently, a total of 27 out of a possible 43 sections charge an assessment for membership, which generates increased revenue for the section. The ability to charge a section assessment requires approval by the membership. Slim mentioned potential revisions to the membership structure. Logan presented potential changes to the structure for utility members.

11. Financial Review/Progress: Robin is working on organizing the financial review. An update will be provided at the winter meeting.

If the section includes a poster session at the annual conference, AWWA will pay the registration to ACE for the winner. Dave indicated that the S&YP committee is looking at ways to fund lodging and travel expenses, which may include a budget request from the board.

14. AWWA Staff Training: Robin is planning to attend in Denver in December 2015. Expenses will be covered by AWWA.
